

DIEBALL

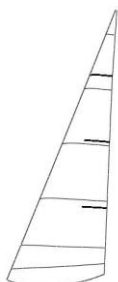

SAILING

Viper Sailors,

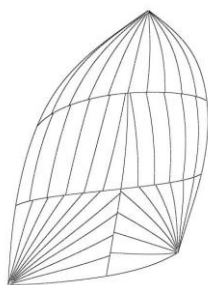

Dieball Sailing is proud to extend a special offer to the Viper Fleet. Our Viper sails have proven to be consistently fast and durable. Through October, we are offering a 20% discount on our Viper Sails.

- **All Purpose Viper 640 Mainsail**
 - AP Viper 640 Mainsail - Built out of DP's FLEX Pen, our mainsail is flatter than most, thus reducing unnecessary drag as you go up range. Don't think it misses a beat in the light because we've carefully chosen the right batten deflections to match this shape and add power in the light.
 - Retail: \$1550
 - **Sale: \$1240**

- **All Purpose Viper 640 Jib**
 - AP Viper 640 Jib - Like the mainsail, it is built out of DP's FLEX Pen and has a nice entry for easy driving, while maintaining a nice leech profile to allow you to go through the wind ranges by playing the sail plan effectively.
 - Retail: \$1000
 - **Sale: \$800**

- **AirX Asymmetric Viper 640 mainsail**
 - AirX Asym Viper Spinnaker - When the class was reborn in the mid-2000's, our spinnaker set the standard and continues to this day. With minor tweaks to address cloth and panel orientation, our spinnaker is the fastest on the market.
 - Retail: \$2200
 - **Sale: \$1760**

Ordering is simple; go to www.dieballsailing.com. Under the Classes tab, choose Viper then Sails. Once you have added your sails to the shopping cart, type FALL2014 in the discount code box to receive your 20% discount.

*Sails purchased during our Fall Promotion will be available for Delivery for the Viper Winter Cup.

Email info@dieballsailing.com for questions and more information.
